The Graduating Class of 2022's Letter to the Administration

Dear Mr. Loprete, Mr. Hehn, and Dr. Daly,

The class of 2022 would like to recognize and commend your patience, guidance and dedication for not only the past school year, but also for our preceding school years during a global pandemic. We are extremely grateful for the opportunity that you all provided us to learn and grow with in-person learning, and safely at that. You have made our final year here at NRHS as normal as possible during these trying times. We could not be more proud to call you our Principal, Assistant Principal and Superintendent.

As a class, we feel prepared and focused for what our future holds. This preparation is thanks to you as our school administrators. We understand that this role is not easy and that the past few years have really pushed each and every one of you to a new limit. However, you have succeeded and the class recognizes your tenacity to be a part of our social lives as well as our extracurriculars. It is important to us as students to share our passions with those that care for us and your presence has not gone unnoticed.

We simply can not thank you enough for your commitment to NRHS's faculty, staff, students, families, and grounds. Each of you demonstrate what it truly means to be a hornet. As we close this door and open another, we are entering with this example in mind. A piece of NRHS, and our hometown, will always be with us.

Mr. Loprete: As our Principal, we would like to thank you for making our school a welcoming haven to be uniquely and unapologetically ourselves. You have provided us with the opportunity to challenge ourselves and the world around us. You have a wonderful sense of humor, a positive attitude and the ability to always find a way to think outside of the box in any situation. These are all characteristics that we aspire to carry with us through our next journey after high school.

Mr. Hehn: As our Assistant Principal, we would like to thank you for your welcoming spirit and your heart of pure gold. NRHS is extremely lucky to have had you and you will be greatly missed. You are a positive role model to our class, as well as the rest of the student body and faculty alike. Your presence throughout the hallways, open door policy and smiling face as we enter the building will be yearned for and is truly appreciated.

Dr. Daly: As our Superintendent, we would like to thank you for your diligence to our school community and outreach to the North Reading community and families. These past few years have been challenging, yet you have guided us through them with poise and assurance. Our class values all that you have done for our school system and for keeping the doors safely open for us to engage and acquire knowledge for our future.

On behalf of the class of 2022, we wholeheartedly thank you all.

CONGRATULATIONS ON YOUR RETIREMENT MR. HEHN & MS. TALIS!

Mr. Hehn, the NRHS community cannot thank you enough for all of your love, support and dedication throughout your past 4 years with us. We are so thankful to have you as a mentor and a friend. You have been a shoulder to cry on, but also always there to lift us up in the good moments! We are so lucky to of had you as our assistant principal, and for an extra year too! Your spirit and positivity is unmatched and for that you surely will be missed. Congratulations on a standout career and best wishes for your retirement, you deserve it!

Ms. Talis, the Rise Program will miss you so very much! How lucky is this community to have you? You shine so brightly when you enter the room and your loving personality is contagious to all that are privileged enough to know you and to work with you. The students have developed healthy and positive relationships with you that they will carry with them for a lifetime. You are always there for your students and the faculty as well. You are thoughtful and kind and are always putting others before yourself, and we want you to know that this did not go unnoticed! NRHS wishes you a happy and healthy retirement — have fun!

Thank you!

YOU KNOW YOU'RE FROM NORTH READING WHEN...

The Common brings back many winter sledding memories

Everyone learns to drive and then the Walmart parking lot becomes the local hangout

Shorts are an acceptable winter outfit choice

When everybody knows your name

You have a snow day and then it is 60° out the next day

You "clean out" your empty locker that you haven't touched in 4 years

You know "The Lightning" & "The Thunder" are subs from The Hornet's Nest

Everyone works for PeaPod

You spend more time on Jon Bernard Way than in PowerBlock

The school start time is changed to an hour later and you're still late

There are 15 Dunks and not one can get your order correct

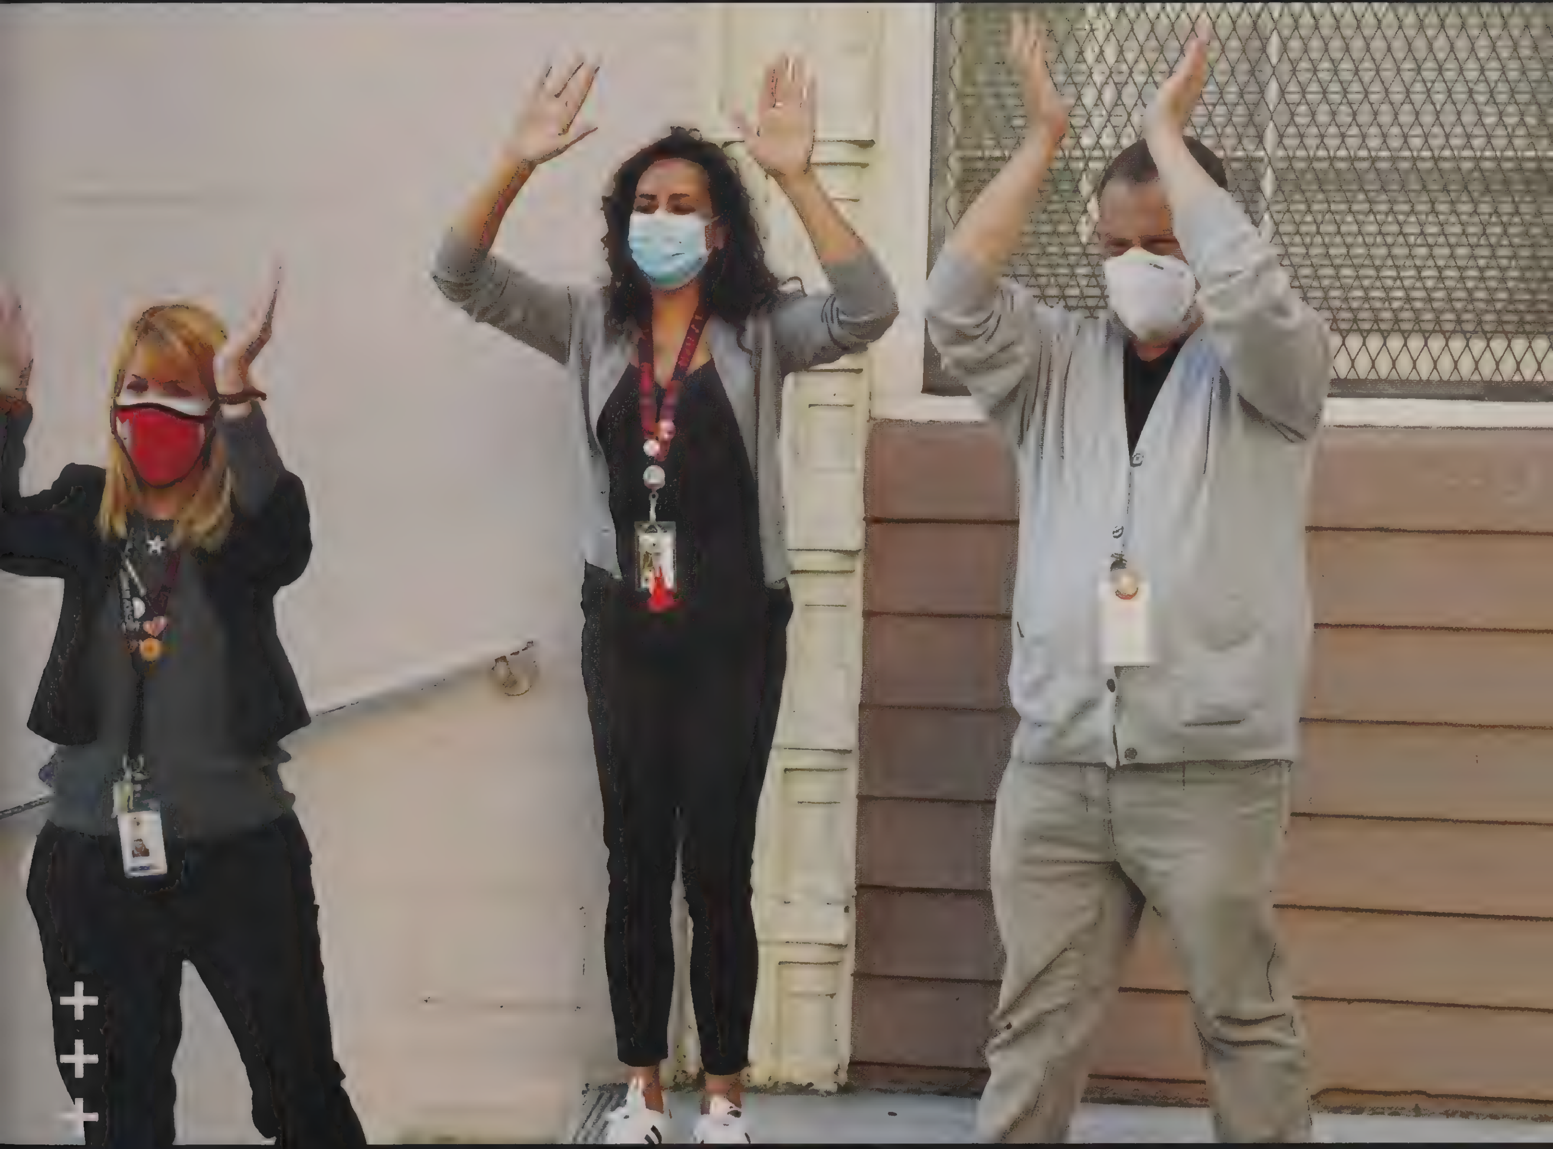
YEAR TWO++



As the COVID-19 pandemic continued into year two, it offered unexpected challenges. Businesses found ways to innovate and stay afloat. Schools, many of which lost students to homeschooling, developed creative solutions to keep students enrolled and engaged. And while approved vaccines brought the promise of a return to normal, virus variants Delta and Omicron challenged an already-stressed health care system. Even so, 99% of students remained in school full time at the end of 2021.

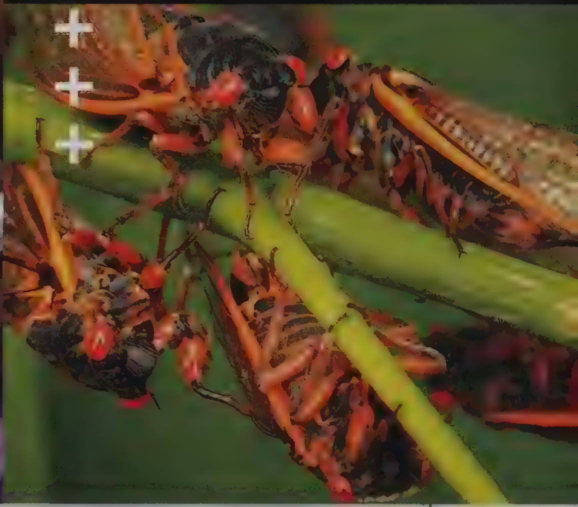
HEADLINES

MALARIA VACCINE SUCCESS

A century of research finally led to the creation of an effective malaria vaccine approved by the World Health Organization (WHO) in October. A study estimated that the GlaxoSmithKline vaccine, Mosquirix, could prevent 5.4 million cases and 23,000 deaths in children under five annually.

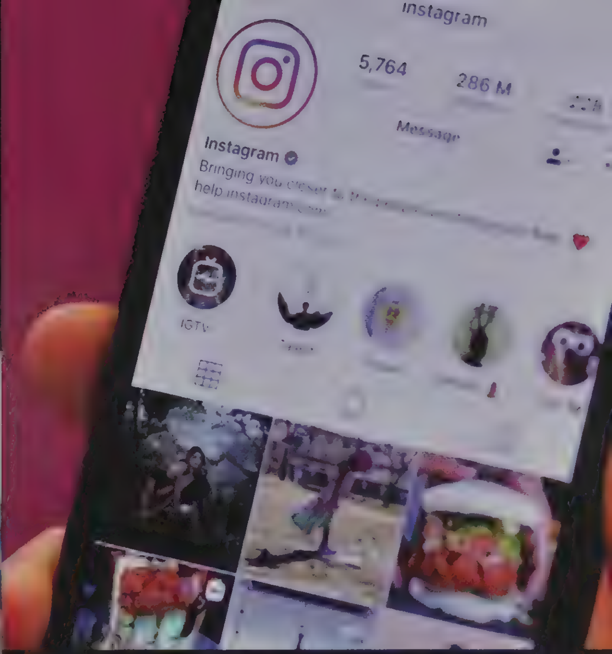
BROOD X RETURNS

Billions of Brood X cicadas, the largest group of 17-year periodical cicadas, emerged from their underground habitat after almost two decades, both delighting and annoying human observers. Periodical cicadas are famous for being a noisy member of the natural world.



HURRICANE IDA HAVOC

On the 16th anniversary of Hurricane Katrina, Ida hit the coast of Louisiana as a Category 4 hurricane with 150 mph winds. Ida knocked out power for 1 million in Louisiana and caused food, water and fuel shortages. The storm also hit the Northeast U.S., bringing tornados, flooding and record rainfall.



THE GREAT RESIGNATION

Workers quit their jobs in record numbers, a phenomenon that Texas A&M Associate Professor Anthony Klotz named "The Great Resignation." School disruptions, COVID-19 risks, and work-from-home arrangements left workers reexamining their priorities, often leaving jobs to make long-desired career changes, leaving employers struggling to run viable businesses.

SOCIAL MEDIA RISKS

Facebook, Instagram and TikTok were found to use algorithms that directed users toward unhealthy weight loss videos or filters that could negatively impact body image, leading to feelings of inadequacy or self-harming behaviors in some users.

NOBEL PEACE PRIZE

Two journalists, Filipino Maria Ressa and Russian Dmitry Muratov, won the 2021 Nobel Peace Prize for fighting to maintain freedom of expression while facing censorship, legal charges and threats of violence.

INFLATION RATE

The end of 2021 saw demand outpacing supply, heating the U.S. economy to a 7% inflation rate, the highest in 40 years. Even though pandemic government aid and higher wages increased consumer demand, supply shortages led to rising prices for food, fuel, automobiles and other consumer goods.

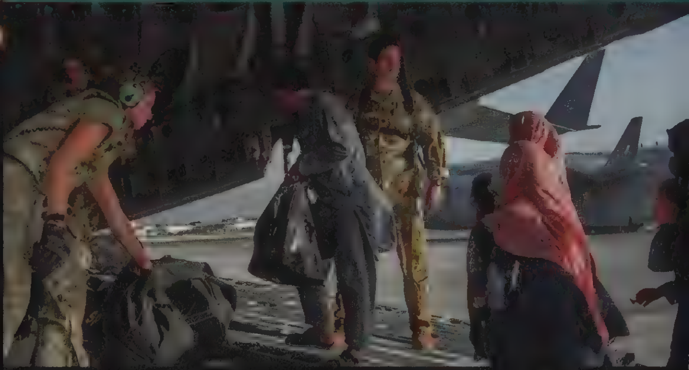
HEADLINES

CHILDREN'S PEACE PRIZE

17-year-old Vihaan Agarwal and his 14-year-old brother Nav won the 2021 International Children's Peace Prize for their pollution-fighting project One Step Greener, which picks up and separates garbage and recycling from over 1,500 schools, offices and homes in Delhi, India, one of the most polluted cities in the world.

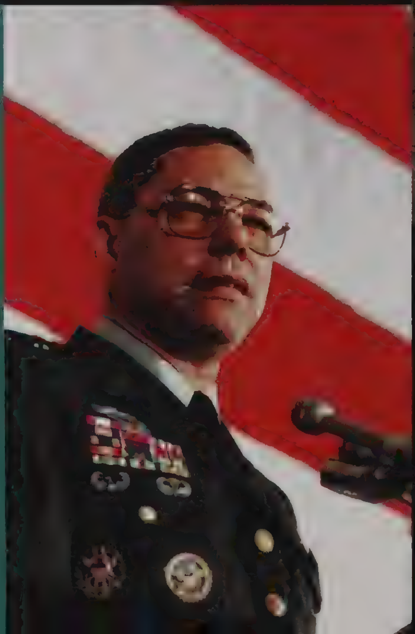
HOME FROM AFGHANISTAN

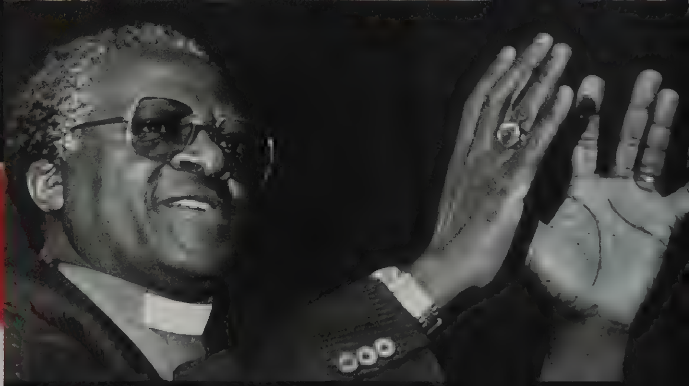
The last U.S. troops flew out of Kabul on August 30, 2021, 20 years after George W. Bush sent soldiers to Afghanistan with the mission of overthrowing the Taliban and fighting Al Qaeda. After Taliban forces occupied Afghanistan's capital on August 15th, U.S. forces and their allies helped evacuate 123,000 civilians, including American citizens and Afghan allies, amidst chaos at Hamid Karzai airport.



COLIN POWELL

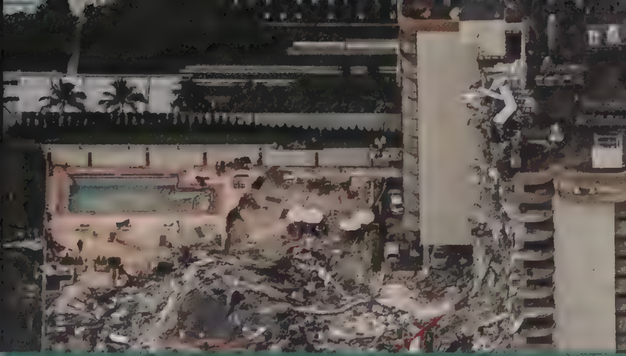
Colin Powell, who during his military career received 11 military decorations, served as chairman of the Joint Chiefs of Staff during the Gulf War and then as secretary of state under President George W. Bush, died on October 18, 2021 at age 84. Powell was one of the most admired and respected U.S. statesmen.





DESMOND TUTU

Archbishop Desmond Tutu, who along with Nelson Mandela helped end the South African policy of apartheid (forced racial segregation), died on December 26, 2021 at age 90. The first Black South African archbishop, Tutu won the Nobel Peace Prize for his advocacy to end the apartheid system.



TIME'S PERSON OF THE YEAR

Time magazine named billionaire Elon Musk, chief executive of electric car manufacturer Tesla and space exploration company SpaceX, the 2021 Person of the Year. The designation is given to the person or people that *Time* considers most influential, whether positive or negative, during the year.

SURFSIDE COLLAPSE

Early on June 24, 2021, Champlain Towers South, a 40-year-old once elegant condominium building in Surfdside, Fla. partially collapsed, killing 98 — one of the worst building failures in U.S. history. Emergency workers pulled 37 survivors from the rubble, including a 16-year-old girl who fell five stories and a 15-year-old boy found under a mattress.

CLIMATE SUMMIT

Nearly 200 nations signed an agreement to drastically cut carbon emissions in the next decade but failed to achieve the Paris Accord's goal of limiting global warming to 1.5 degrees Celsius by the year 2050. Outside, tens of thousands activists gathered, many of them young people.

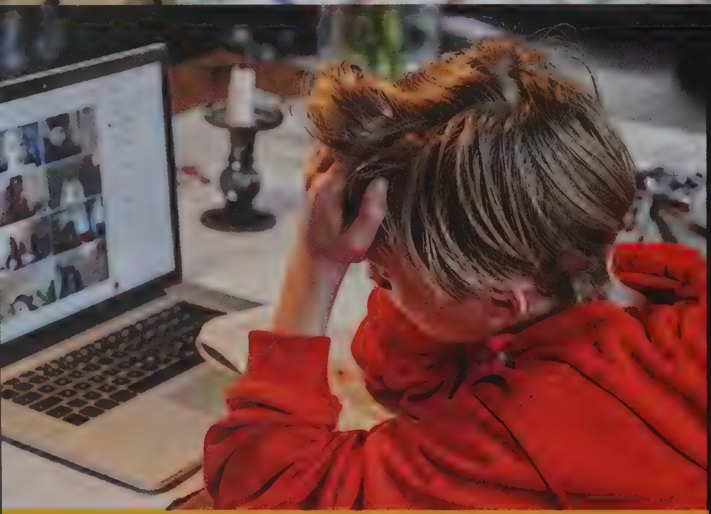
BETTY WHITE

Recognized by *Guinness World Records* as the woman with the longest acting career, Betty White died December 31, 2021. White won three Emmy awards and a Screen Actors Guild Life Achievement Award. Fans honored White by donating $12.7 million to animal shelters weeks later on what would have been her 100th birthday.

COVID-19

KIDS' VACCINES GREENLIGHTED

After authorizing emergency use of the Pfizer-BioNtech COVID-19 vaccine for those 16 and older, the FDA amended the order in May 2021 to include 12–17 year olds. In October, this approval was extended to 5–11 year olds. As of December 8, 2021, the CDC reported that 61% of 12–17 year olds and 18% of 5–11 year olds had received at least one dose.

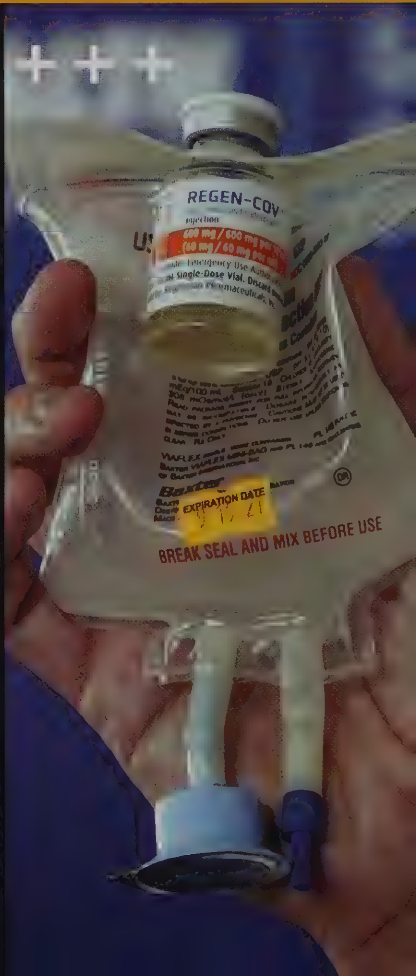


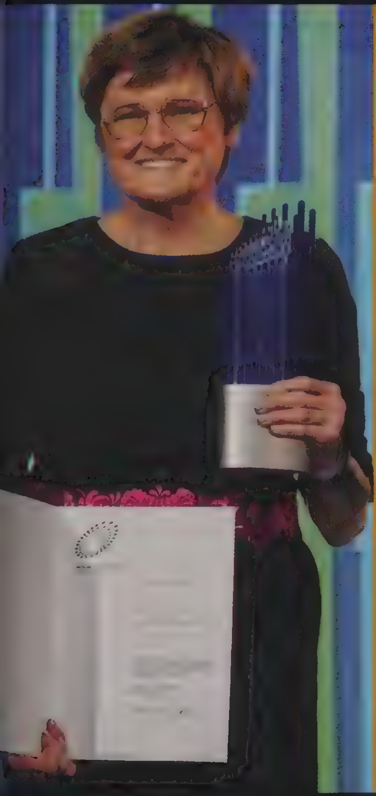
ZOOM FATIGUE

Virtual learning and work during COVID-19 contributed to Zoom fatigue. A Stanford University study concluded that virtual communication requires more mental work than in person. In Zoom, your brain may be working harder to compensate for lost nonvisual cues and body language.

PROMISING TREATMENTS

Several treatments emerged to help COVID-19 sufferers at increased risk of serious illness avoid hospitalization or reduce complications. In December 2021, the FDA authorized emergency use of Paxlovid, a prescription-only oral antiviral pill, as well as several monoclonal antibody treatments that work by interfering with virus replication.





mRNA VACCINE SCIENTIST

Decades of research led Hungarian American biochemist Katalin Karikó to the creation of messenger RNA (mRNA) vaccines, like those used against COVID-19. Karikó's research with immunologist Drew Weissman led to their success. Karikó continues to study and refine the BioNTech vaccine.

NEW FOR 2021

In October, Merriam-Webster's dictionary added 455 new words, including the following COVID-19 references:

1. breakthrough - an infection in someone who has been fully vaccinated
2. long COVID - condition with symptoms that continue after COVID-19 recovery
3. vaccine passport - digital or hard-copy proof of vaccination

WEAK SUPPLY CHAIN

Multiple factors, including COVID-19 quarantines, led to massive shipping delays. Shortages of goods like cars, computers, toys and bicycles were seen across the globe. Companies and governments scrambled to build production plants and calm frantic customers in advance of the winter holidays.

DELTA WAVE, OMICRON TSUNAMI

By the summer of 2021, things were starting to return to normal, then the Delta variant of COVID-19 arrived. By December, the newest variant, Omicron, a highly contagious form of the virus, replaced Delta's position as the most common type of COVID-19 infection being diagnosed.

SPORTS

ATHLETES CHOOSE MENTAL HEALTH

In May 2021, top-ranked tennis star Naomi Osaka dropped out of the French Open. Only months later, Olympic gold-medalist Simone Biles withdrew from the gymnastics competition in Tokyo. Osaka reported suffering bouts of depression while Biles cited a dangerous phenomenon called "the twisties," where a gymnast, midair, cannot remember what to do next.

LEE'S OLYMPIC FIRST

Sunisa ("Suni") Lee, the first Hmong American to qualify for the Olympics, became the first Asian American to earn a gold medal in the women's gymnastics all-around competition. While COVID-19 restrictions kept her family from attending, family and community members watched remotely. The video of their wild cheers when Lee won went viral.

CHICAGO'S WNBA FIRST

October 2021 saw the Chicago WNBA franchise, Sky, win its first championship series, defeating the Phoenix Mercury in four games. Playing to a sold-out arena, the Chicago Sky scored 80 points to the Mercury's 74 in the final game.

ATLANTA WINS

The Atlanta Braves took the World Series with a 7-0 Game 6 shutout of the Houston Astros in November 2021, the franchise's first World Series victory in 26 years. In July, manager Brian Snitker acquired four players in late-season trades, including Jorge Solera, who was chosen Series MVP.

SUPER BOWL LVI

The Cincinnati Bengals and Los Angeles Rams battled it out in an exciting game with the Rams winning 23-20. The Rams were only the second team in NFL history to play in the Super Bowl at their home stadium. For the first time, the halftime show featured hip-hop and rap artists singing recognizable hits from the past.

BATTLE OF THE TEENS

Two teens, 18-year-old British player Emma Raducanu and 19-year-old Canadian player Leylah Fernandez, became the first unseeded pair to meet at the U.S. Open Women's Final. Raducanu beat Fernandez in straight sets, 6-4, 6-3, to become the youngest woman to win a major tennis tournament since the 2004 Wimbledon final.

SPORTS

Stanley Cup Ring Produced by Jostens®

TWICE AS NICE

The Tampa Bay Lightning beat the Montreal Canadiens 4 games to 1 in a 7-game playoff series, winning their second Stanley Cup title in nine months. This time they played in front of a full-capacity home crowd, unlike the previous victory over Dallas in an empty Edmonton arena.

CARLI LLOYD RETIRES

Carli Lloyd left the field to a standing ovation in her 316th and final game with the U.S. Women's Soccer Team, a 6-0 win over South Korea. The 39-year-old New Jersey native retired with two World Cup titles and two Olympic gold medals. Lloyd passed her no. 10 jersey to Lindsay Horan, who will wear the number starting with the 2022 season.

THE BUCKS ARE BACK

The last time the Milwaukee Bucks won the NBA Finals, in 1971, powerhouse Kareem Abdul-Jabbar, then known as Lew Alcindor, led them to victory. This year, the Bucks beat the Phoenix Suns in six games, 4-2, with MVP Giannis Antetokounmpo scoring 50 points in the final game of the 2021 championship.

NYCFC CLAIM FIRST CUP

New York City Football Club captured their first Major League Soccer Cup in franchise history. They defeated the Portland Timbers 4-2 in a penalty shootout. This was the Timbers second consecutive defeat, having reached MLS Cup three times in seven years.

SCHOOL MAKES HISTORY

For seven years, the football team at California School for the Deaf in Riverside didn't win a single game. Then, in 2021, the Cubs, whose players and coaches are all completely deaf, averaged 65.6 points per game in a 12-1 storybook season. Cubs wide receiver Enos Zornova pointed out that communicating in ASL, their native language, gave the Cubs an advantage, making team huddles unnecessary.

TECH & TREN

POWERFUL SOLAR FLARE

In October 2021, a Class X solar flare, the most powerful category of flares, erupted, and powerful NASA cameras captured the activity from the closest point ever. The flare caused the aurora borealis, or Northern Lights, to be visible in the U.S. as far south as Utah. Powerful flares can disrupt atmospheric activity such as GPS and communications signals.

ELECTRIC CARS

Ford announced an $11.4 billion plan to build new battery plants and set goals for battery-powered pickup trucks. In addition, Ford announced an electric version of the F-150, the F-150 Lightning, by spring 2022. GM also planned new battery-production plants, and Toyota switched its focus from hybrid to fully electric vehicles.

BILLIONAIRE SPACE RACE

In July 2021, NASA announced the Entrepreneurs Challenge, calling on private companies and individuals to help develop space technology. Challenge accepted by British billionaire Sir Richard Branson and crew. Nine days later, Jeff Bezos took a 10-minute trip into space on his crewed Blue Origin spacecraft, New Shepard. Elon Musk's September SpaceX mission, Inspiration 4, was the first with an all-civilian crew and a previously used rocket.

THE METAVERSE

Mark Zuckerberg rebranded Facebook as Meta in October 2021, signaling his intent to dominate the immersive 3-D virtual world. As already seen in 3-D games such as Fortnite, a *metaverse* is a virtual world with avatars that lead exciting alternate lives on behalf of their human counterparts.

DS+++

TIKTOK TOPS GOOGLE

TikTok surpassed Google as the most-visited site in 2021, first eclipsing the search engine in February and clearly dominating by summer. As of July 2021, users had downloaded the TikTok app over three billion times.

THE NFT BOOM

Unlike cryptocurrencies and stocks, anyone can create and sell one-of-a-kind digital creations called non-fungible tokens or NFTs. 18-year-old Victor Langlois, known as FEWOCiOUS, sold five lots of his work for $2.16 million.

WEBB TELESCOPE

Twenty years of development culminated in the launch of the James Webb Space Telescope, a U.S.-Canadian-European mission to explore the universe, search for life beyond our solar system and understand black holes.

DISNEY TURNS 50

On October 1, 1971, Orlando's Disney World opened for business. This year, it kicked off its 50-year anniversary with sold-out hotels, long waiting lines, and confetti cannons. The 22-month celebration will include new rides, a new luxury hotel, and a wearable "MagicBand+" for interactive experiences. Disney World now employs 700,000 and sees over 50 million visitors each year.

SPIDER-MAN IS BACK

The latest in the eight-movie Spider-Man franchise, *No Way Home* broke records and warmed the hearts of Hollywood executives, despite its theater-only release. *No Way Home* pulled together storylines and characters from several previous Spider-Man films. On opening weekend, 20 million fans saw *No Way Home*, which earned $253 million in North America.

40 YEARS OF MTV

The MTV Video Music Awards ceremony was back on a New York City stage in 2021 after a virtual event in 2020. This event celebrated the network's milestone 40th year. Big winners for the year included Lil Nas X, Justin Bieber and Olivia Rodrigo.

SPOTIFY WRAPPED 2021

For two years running, Spotify's most-streamed artist globally was Puerto Rican reggae performer Bad Bunny. Rounding out the Top 5, in order, were Taylor Swift, BTS, Drake and Justin Bieber.
